Long Lawford News...

Autumn 10

IMPORTANT NOTICE - Photographs and Videos at School events

Long Lawford Primary School recognises that parents and carers want to capture lasting reminders/mementos of their children's participation in school events and is happy to support that.

The school can only record and permit the recording of images with signed consent from parents/carers. Some parents/carers choose to withhold their consent for very good and sensible reasons.

The development of digital photography and the common practice of sharing images via social networking sites present additional challenges for schools in terms of granting permission for parents/carers to record images.

The school allows you to take photographs in school of your own child or children only. This agreement is subject to you recognising the need to be sensitive to other people, not causing interruption or disruption to concerts, performances and events and ensuring children are not distracted from giving their best performances after hours of practice and preparation.

With this in mind **parents/carers are asked NOT to take photographs or videos during any of our forthcoming Christmas shows. At the end of each performance parents/carers will be invited to come to the stage to take a photograph or video of their child only.** Thank you in anticipation of your understanding and co-operation in this matter.

Before and after school routines - This morning I have reminded children of our morning and after school routines. Namely that children should come straight into school in the morning (from 8:40am onwards). Children should not play ball games or play on the playground or anywhere on the school site before or after school. Thank you

Visit - During the week we had a visit from representatives from the Local Authority. Parents and carers may recall I reported that our results last year were disappointing and not at their previously high levels. The visit from the Local Authority was to see what the school is doing to improve upon our results last year.
